## Summary

Digital Media and Animation major with experience in game development and programming. Excellent skills in creativity. Eager to secure a job in order to learn and grow with a reputable company.

## Work History

### **Pie O' Mine Greens - Tonawanda, NY**

- September 2025 - Present
- Experience in customer service, custom food preparation, food safety standards, a fast-paced environment, handling money, a point-of-sale system, inventory management, and teamwork

## Education

### **Alfred State College of Technology, Alfred, NY**

- Graduated May 2025
- Bachelor of Science in Digital Media and Animation
- **What is That Thing???:** Wrote, filmed, acted in, recorded sound effects for, and edited a short film called "What is That Thing???". Used a variety of techniques, equipment, and cameras to achieve the comedic effect wanted from the project.

### **Finger Lakes Community College, Canandaigua, NY**

- Graduated May 2022
- Associate of Science in Game Programming and Design
- Dean's List Spring 2020
- **Asent Video Game:** Worked with a partner to develop a platformer style video game called Asent. Designed all of the art for the game (backgrounds, main character, enemies, icons, health bar, platforms, etc) for the project in Game Maker. Also created the music for this game using Beep Box.

### **Eagle Scout March 2019**

- **Eagle Scout Project:** Organized my Boy Scout Troop to assemble 57 Emergency Preparedness Kits and gave them out to a local Seniors Group. Also organized the Tonawanda CERT to come and give a presentation to the group, as well fundraising with the troop to pay for the project.
